Why Polymer Laminates are the Best Choice compare to other laminates?

Parameters	PVC	PET-G	ASA	ACRYLIC	POLY
Best Quality + Cost Effective	NO	NO	NO	NO	YES
Eco Friendly	NO	NO	YES	NO	YES
High Gloss Life	Short	Short	Medium	Medium	Long
Durable	2-3 months	1 year	1 year	2 years	10 years
Rigid / Flexible	Rigid	Rigid	Rigid	Rigid	Flexible
Bendable	0°	0°	0°	0°	180°
Weight	Heavy	Heavy	Medium	Medium	Light
UV / Anti-Yellow	Low	Low	Medium	Medium	High
Weather Resistance	Bad	Good	Good	Good	Excellent
Heat Resistance	Bad	Good	Good	Good	Excellent

GENERAL USE & CARE GUIDE:

Operando laminates are designed for easy maintenance and durability. Follow these guidelines for optimal performance:

- 1. Stain Removal:** For stubborn stains, use mild household glass cleaners like Colin. Gently wipe the surface with a non-abrasive cloth.
- 2. Avoid Abrasive Cleaners:** Refrain from using abrasive liquid cleaners, bleaches, or solvents, as they may harm the laminate surface. Clean with water and a non-abrasive cloth.
- 3. Surface Recommendation:** Glossy surfaces are best suited for vertical applications.
- 4. Thinner Usage:** Do not apply thinner to Operando laminates.

INSTALLATION INSTRUCTIONS:

1. Before use, stir the POLYBOND adhesive and do not mix water.
2. Clean the dust particles from the surface of the substrate (plywood, MDF, chipboard) with a cloth, soft brush, sponge or sandpaper.
3. Apply the adhesive evenly with a brush, roller or adhesive spray on both the laminate and the substrate (plywood. MDF, chipboard).
4. When pressing on the laminate base (plywood, MDF, chipboard), use a soft-pressure roller or a normal pressing technique. Pressing must be done from the center of the panel and moved to the sideline and corners of the panel
5. Make sure the laminate is sufficiently pressed for almost 24-30 hours to reach full bond strength.

Disclaimer:

Plywood with high moisture content should not be used. Avoid using ply with an uneven surface. Inferior quality adhesive should be avoided. Apply sufficient pressure during installation. It is not recommended to paste sheets on the printed/branding area of the plywood. Our laminates boast an anti-scratch rating of up to 3.5 hardness. Please handle with care for optimal longevity.

Limited Warranty:

Operando Products undergo rigorous testing to ensure they are reasonably free of defects. When used and fabricated correctly, they will comply with applicable manufacturing specifications within realistic deviations. Prior to installation, we advise customers to thoroughly inspect products. The warranty excludes defects or non-compliance due to: Improper handling, transportation, or storage of laminates. Incorrect installation or unintended usage. Lack of maintenance or exposure to high temperatures. Unauthorized alterations or outdoor applications. Exchanges are provided under reasonable circumstances. This brochure serves as a presentation guide, with actual colors potentially differing.
