INSTALLATION INSTRUCTION

OPERANDO LOUVERS ARE DESIGNED FOR HASSLE FREE & EASY INSTALLATION

- 1. Measure the wall dimensions accurately, including the height and width.
- 2. Cut the panels to the required size using a marble cutter machine for precise edges.
- 3. Place the panels on the wall. The panels are designed for interlocking installation, eliminating the need for adhesive.
- 4. Interlock the panels one by one, ensuring perfect alignment.
- 5. Drill the required points for secure fixing. Insert ballast where needed for stability.
- 6. Secure the panels firmly with nails for a neat and long-lasting finish.

Limited Warranty:

Operando Products undergo rigorous testing to ensure they are reasonably free of defects. When used and fabricated correctly, they will comply with applicable manufacturing specifications within realistic deviations. Prior to installation, we advise customers to thoroughly inspect products.

The warranty excludes defects or non-compliance due to:

- Improper handling, transportation, or storage of laminates
- Incorrect installation or unintended usage
- Lack of maintenance or exposure to high temperatures
- Unauthorized alterations or outdoor applications
- Exchanges are provided under reasonable circumstances.
- This brochure serves as a presentation guide, with actual colors potentially differing.
